

Manual Therapy Integration Sample Agenda

Learning Objectives- By the completion of the course, the student should:	Level
<ul style="list-style-type: none"> articulate two reasons why the research often fails to support single intervention manual therapy studies 	2
<ul style="list-style-type: none"> be able to list at least three reasons why an integrative manual therapy approach is needed to improve patient outcomes 	1
<ul style="list-style-type: none"> with assistance be able to show two methods for how to integrate manual therapy and traditional modalities into traditional patient care to optimize patient outcomes 	3

Session Outline (3.0 CEU Live)

Title of Activity	Schedule	Duration	Content Category	Teaching Strategy
Day One				In Person Activities
Course Overview / Introductions	8:00 am – 8:15 am	15 min.	N/A	N/A
Lecture	8:15 am – 9:30 am	75 min.	Lecture & Discussion	Lecture / Discussion
Questions and Answer	9:30 am – 9:45 am	15 min.	Discussion	Discussion
<i>Break</i>	9:45 am – 10:00 am	15 min.	N/A	N/A
Case Discussion	10:30 am – 11:00 am	30 min.	Case Discussion (Level 1-3)	Lab Application
Case and Lecture Application	11:00 am – 12:00 pm	60 min.	Laboratory (Level 1-3)	Lab Application
Discussion and Questions	12:00 pm – 12:30 pm	30 min.	Questions and Survey	Discussion

Learning Objective Levels:

Level 1: Recall

Level 2: Understanding and Reproduction of Material with Assistance

Level 3: Application and Demonstration of Material with Minimal Assistance

Level 4: Reasoning and Formulation of Strategies to Solve Problems, Demonstration of Multi-Step Process with Assistance

Level 5: High Level of Abstract Reasoning, Conclusion Testing and Analysis, High Level of Autonomous Proficiency
