SEL Cheat Sheet Mini-Session

Presenter: Cynthia Rauschert, *Circus Moves*

Social-emotional learning (SEL) is a hot topic in youth education and recreation these days. It is one thing to understand what SEL is, but how do we know if our program activities are promoting SEL gains? In this session, you will learn a quick and easy way to evaluate whether your programs and activities apply best practices for SEL, how to adapt when necessary, and how to innovate programming that guarantees an environment which promotes SEL gains. This is an experiential workshop! We begin with a short discussion and move quickly into group activities which demonstrate and reinforce the practices that have been introduced. Be prepared to move and have fun! This is a shortened version of our popular professional development program!
