

# We are excited to announce that we have been selected to be a member of the HP MPS Premier Partner Program

We have been selected based on our experience, customer service capabilities, and technical expertise

As a member of this distinguished program, we have exclusive access to HP's entire portfolio of contractual printers and copiers that will benefit your business. Here's an example of what you can expect if you choose to partner with our team.

HP's broad portfolio of contractual printers and copiers offers premium hardware, supplies, long life consumables, and accessories. These products are part of HP's next generation of technology that includes:

- The world's most secure printers<sup>1</sup>
- Smart devices for maximum productivity and workflow
- Robust paper handling speeds
- Legendary HP quality

We have access to HP's newest A3 Managed MFP portfolio designed for fast, reliable, cost-effective color. Plus, only HP printers can stop an attack the moment it starts, with self-healing embedded security features.<sup>2</sup>

<sup>1</sup> HP's most advanced embedded security features are available on HP Enterprise-class devices with FutureSmart firmware 4.5 or above and is based on HP review of 2018 published embedded security features of competitive in-class printers. Only HP offers a combination of security features for integrity checking down to the BIOS with self-healing capabilities. For more information visit: [hp.com/go/printersecurityclaims](https://hp.com/go/printersecurityclaims).

<sup>2</sup> HP Enterprise printers and MFPs with FutureSmart offer self-healing security features and include embedded protections against viruses and malware.

**We're very excited to work with you to reach your goals for growth and success.**
