Nassahegan Rec. Area (1226 acres) in the central part of the town (E3-E4).

Tunxis Trail, one of the blue-blazed hiking trails maintained by the Conn. Forest and Park Assoc., runs from the Bristol line to Route 4. In addition to the Mainline trail shown on the map (D4-G1), there are many interconnecting side trails, which make round trip hikes possible.

Farmington Valley Greenway (A5-D5)—The Farmington Valley Trail system connecting Burlington to Collinsville and Farmington was built along an abandoned rail corridor. Breathtaking views of the Farmington River, stone arches, historic buildings, iron and wooden bridges, a green belt of native plants and trees and other artifacts provide a rich cultural background. A wooden bridge, built over an existing train trestle, spans the Farmington River connecting Burlington to Collinsville. Ten foot wide, wheelchair accessible trail, open sunrise to sunset, year round except where posted. Activities include walking, jogging, biking and rollerblading. Motorized vehicles (except wheelchairs) are prohibited.

Post Office: Burlington (D3) 06013.

10 Reasons to Plant Trees ... Now!

- 1 Trees conserve energy in the summer, and save you money. Properly planted trees can cut your air-conditioning costs by 15-35%.
- 2 Trees help clean the water. They breathe, produce oxygen we breathe, and remove air pollution by lowering air temperature, through respiration, and by retaining particulates.
- 3 Trees bring songbirds close by. Birdsong will fill the air as trees provide nesting sites, food, and cover for countless species.
- 4 Trees around your home can increase its value by up to 15% or more. Studies of comparable houses with and without trees place a markedly higher value on those whose yards are sheltered by trees.
- 5 Trees help clean our rivers and streams. They hold the soil in place and reduce polluted runoff into our waterways.
- 6 Trees conserve energy in the winter. Trees can slow cold winter winds, and can cut your heating costs 10-20%.
- 7 Trees fight global warming. They remove carbon dioxide from the atmosphere, the most significant contributor to the threat of global warming.
- 8 Trees make your home, and your neighborhood, more beautiful. Trees mark the changing seasons, and add grace and color.
- 9 Trees are fun! Planting and caring for trees can be a great family or community-building activity.
- 10 It's easy! Here's how: Join the nonprofit Arbor Day Foundation and we'll send you 10 trees... FREE! — with easy-to-follow planting instructions.

When you join you'll receive 10 flowering trees—2 Flowering Dogwoods, 2 Flowering Crabapples, 2 Goldenrainders, 2 Washington Redbuds, and 2 American Bluebuds, or other trees selected for your area. You'll also receive the Foundation's colorful bimonthly *Arbor Day*, a membership card, and *The Tree Book* with tree planting and care information. Your six to twelve inch trees are guaranteed to grow or they'll be replaced free of charge. Trees are shipped when conditions are right for planting in your area. February through May in the spring or October through mid-December in the fall.

To receive your free trees, send a \$10 membership contribution to 10 Flowering Trees, The National Arbor Day Foundation, 100 Arbor Ave., Nebraska City, NE 68410, or join online at arbor.org.

Join now, and plant your Trees for America!
